

Strides Pharma Science Limited

Company Factsheet

Overview

Strides Pharma is a global pharmaceutical company headquartered in Bengaluru, India, and listed on BSE Limited (532531) and the National Stock Exchange of India Limited (STAR). With a legacy of over three decades, Strides is dedicated to developing, manufacturing, and marketing high-quality, affordable generic medicines. The company remains committed to improving global healthcare access through continuous innovation, operational excellence, and a strong international footprint.

Vision

To be the leading Indian pharma multinational with a reputation for the highest quality and integrity.

Mission

With a differentiated portfolio focused on attaining leadership, we will provide an unparalleled growth opportunity for our people and a value creation opportunity for our stakeholders.

Our Core Values

ICE – Integrity, Competency, Efficiency – These values define who we are and how we work:

- **Integrity:** Transparency and trust drive our actions, ensuring accountability to our customers, partners, and stakeholders.
- **Competency:** Continuous learning keeps us ahead, fostering innovation and meaningful contribution to collective success.
- **Efficiency:** We work with focus and agility, optimizing processes and embracing smart solutions to drive impact in a fast-evolving industry.

Business Model & Capabilities

Strides operates a synergistic, integrated business model that unites complex product capabilities, globally scaled manufacturing infrastructure, and differentiated R&D expertise to enhance access to high-quality, affordable medicines worldwide.

Our presence covers regulated markets like the US, UK, Canada, Australia, New Zealand, and the Nordics, alongside growth-focused emerging markets in Africa, Asia Pacific, MENA, and LATAM.

Driven by a partnership-led and customer-centric approach, we serve both regulated and emerging markets with agility and precision.

Our Manufacturing capabilities:

7 Manufacturing facilities

4 USFDA approved facilities

16 Bn units across multiple dosage formats

Product Portfolio

Our product portfolio spans a wide range of dosage forms, including conventional and dispersible tablets, controlled substances, time-release formulations, powders in capsules, oral liquids, ointments, creams, gels, effervescent tablets, nasal sprays, and hormone-based preparations. This diverse capability set enables us to address varied therapeutic needs and market requirements across over 100 countries.

 Dry powder/ sachet solution	 Direct compressible granules	 Dispersible and conventional tablet	 Suspension and liquid orals	 Nasal sprays	 Hormones	 Suppositories	 Controlled substances
 Time release technology tablets and capsules pellets in capsules	 Conventional tablets (uncoated, film and sugar-coated)	 Ointments and topicals gels	 Powders in capsules	 Effervescent granules/tablets	 Topicals and gels		

Quality and Compliance

This is underpinned by a strong compliance framework, an impeccable regulatory track record, and technology-enabled operations that ensure consistent quality and operational excellence.

ESG

At Strides Pharma, we embed Environmental, Social, and Governance (ESG) priorities and proactive risk management into every aspect of our business, driving responsible growth and long-term value. Focused on equitable access to affordable, high-quality medicines across 100+ countries, our sustainability efforts span access-driven innovation, circular production, and a people-first, inclusive culture. Strong governance, transparent reporting, and ESG-linked performance frameworks guide our actions, aligned with global standards such as the UN SDGs and ISO benchmarks. Reflecting our commitment, Strides received an ESG score of 76/100 and a CSA score of 75/100 in the Corporate Sustainability Assessment (CSA) Annual Review (vide report dated 20th January, 2025) for its debut submission.
